

4. Process of Application (Interpretation) (Possible Maximum Points: 20 points)

	Excellent ( x 5 points)	Good ( x 4 points)	Fair ( x 3 points)
Creativity/ Originality (1.2 points)	Student derived an <b>entirely</b> unique style from the general resources.	Student derived <b>somewhat</b> unique style from the general resources.	Student derived <b>barely</b> unique style from the general resources.
Coherence/ Relevance (1.2 points)	The idea sketch of the design process presents the visual elements drawn from the research in an <b>extremely</b> coherent manner and looks <b>extremely</b> relevant to the back ground story, inspiration or theme chosen by the student.	The idea sketch of the design process presents the visual elements drawn from the research in a <b>moderately</b> coherent manner, or looks <b>moderately</b> relevant to the back ground story, inspiration or theme chosen by the student.	The idea sketch of the design process presents the visual elements drawn from the research in a <b>slightly</b> coherent manner, or looks <b>slightly</b> relevant to the back ground story, inspiration or theme chosen by the student.
Effort for detailed ideas (0.8 point)	Student put <b>maximum</b> effort to get the best design, so completed the sketch with <b>very detailed ideas</b> .	Student put <b>moderate</b> effort to get the best design, so completed the sketch with <b>somewhat detailed ideas</b> .	Student put <b>little</b> effort to get the best design, so completed the sketch with <b>slightly detailed ideas</b> .
Clarity /Presentation (0.8 point)	The idea sketch shows the development of design ideas step by step with <b>extreme clarity</b> including <b>all</b> details to show the development of the garment parts and organic shapes.	The idea sketch shows the development of design ideas step by step with <b>some clarity</b> including <b>some</b> details to show the development of the garment parts and organic shapes.	The idea sketch shows the development of design ideas step by step with <b>little clarity</b> including <b>few</b> details to show the development of the garment parts and organic shapes.
